## Summary

Having 10+ years of experience in Software development and Project management with Agile Development methodology and configuration management and working on Java 1.8, J2EE Technologies (Servlet, JSP), JSF 1.2, Spring, Hibernate 3.0, and Mysql and Oracle database.
Worked to implement Continuous Integration on the product development cycle via Bamboo, Maven, Gradle R&D on MYSQL performance tuning, replication, Percona XtraDB Cluster with HA Proxy & load balancing.
Also having the domain knowledge of Business related tasks.

## Experience

**Sr. Engineer**
Coda Payments
Mar 2022 - Present (2 years 1 month)
Design and develop highly scalable, reliable, secure, and fault-tolerant systems end to end using state of the art technology
Work directly with Product and Technology team members to define and implement complex features
Collaborate with other team members to learn and share best practices
Constantly optimize products, identifying and fixing problems, improving stability and user experience
Debug production issues across services.
Design and architect the system using AWS and cloud technologies such as lambdas and containerization

**Sr. Engineering Technical Lead**
eSewa Pvt. Ltd.
Apr 2021 - Feb 2022 (11 months)

**Sr. Java Developer**
eSewa Pvt. Ltd.
Apr 2019 - Mar 2021 (2 years)
•Lead new and existing applications along with enhancements, services and infrastructure
•Perform hands-on coding while designing and architecting web application/content/search solutions
• Review work done by other developers to ensure adherence to the best practices.
• Mentor junior team members in proper software engineering methods and techniques, and develop programming guidelines to ensure these methods are accessible to other developers
•Collect requirement from stakeholder and
•Analysis, design, implementation, and test of enterprise-level web application using industry standard technologies
•Support and enhancement of existing systems as per requirement

**Project Manager Scrum Master**

COTIVITI NEPAL

Apr 2018 - Apr 2019 (1 year 1 month)

Facilitating sprint planning, daily scrums, retrospectives stakeholder meeting

Educated and reinforced scrum methodology and agile framework to team members and key stakeholders

Tracking and managing the product backlog, burn-down metrics, velocity and task break-down

Organized and facilitated overall Release of product

### Sr. Software Engineer

COTIVITI NEPAL

Apr 2017 - Apr 2018 (1 year 1 month)

Led new and existing applications along with enhancements, services, and infrastructure

Worked to rewrite the Legacy DxCG Project in Java using Spring Framework and Apache Camel

Use of EIP and Messaging Format

### System Analysis Engineer

Merchantrade Asia

Feb 2015 - Apr 2017 (2 years 3 months)

• Develop components of a Remittance application that is deployed in a distributed environment using the java/J2EE technology

• Preparing analysis, design documents, estimation, for different components and functional modules required by the system.

• Provides required documentation and participates in architecture reviews to ensure that solutions comply with standards and use approved technologies.

•R&D on MYSQL performance tuning, replication, Percona XtraDB Cluster

### Software Engineer

Verscend

Sep 2011 - Jan 2015 (3 years 5 months)

• Worked on Java, J2EE, Servlets, JDBC, Spring Framework, JSF, RichFaces, Hibernate, JUnit, JQuery/Java script

• Experienced with writing multi-threaded Java applications

• Experienced in RDBMS design, writing PL/SQL on Oracle

• Experienced with automated testing using Selenium.

• Communication with user to gather requirements.

• Prepared Technical/User documentation of projects

• Automated java project deployment using Hudson, Maven, Ant and WLST on Weblogic server.

• Familiar with Atlassian tools like Jira, Confluence, Bamboo.

• Having the knowledge of Agile Development Methodology, Sprint, Scrum, CI

### Software Engineer

Yomari Inc. Pvt. Ltd

Aug 2010 - Aug 2011 (1 year 1 month)

• Worked on Java, J2EE, Servlets, JDBC, JSF, RichFaces, Hibernate, JQuery/Java script, iReport/ JasperReport

• Experienced in RDBMS design on Oracle

- Client visit and support.
- Project co-ordination.

## Education

### Kantipur City College

Master of Computer Applications - MCA, Information Technology

Mar 2019 - Feb 2024

Master of Computer Application (MCA) is a two-year (Four Semester), 62 Credits hours program. MCA develops a range of competencies in business and team communication model as they apply to software design and development, software development cycle and project manatement

### Kantipur City College

Bachelor of Information Technology, Information Technology

2005 - 2010

Got the knowledge of IT fundamentals, programming, Computer Networks and Telecommunication etc. Also helped to start career in information and communication industry that includes IT manager, network , and systems programming

### Nepal Commerce Campus

Bachelor in Business studies, Business Administration and Management, General

2004 - 2010

## Licenses & Certifications

**HIPAA Privacy & Security** - BRIDGEFRONT, Vancouver, USA

Issued Jan 2013 - Expires Dec 2013

**Programming Mobile Applications for Android Handheld Systems** - Coursera Course Certificates

EHVY57BPRG

**The Data Scientist's Toolbox** - Coursera

**Certified Scrum Developer (CSD)** - Scrum Alliance

Issued Sep 2019 - Expires Dec 2021

**Certified ScrumMaster (CSM)** - Scrum Alliance

Issued Sep 2019 - Expires Dec 2021

1115535

**Managing Stress for Positive Change** - LinkedIn

**Computer and Text Neck Stretching Exercises** - LinkedIn

**Developing Your Emotional Intelligence** - LinkedIn

**Advanced Certified Scrum Developer** - Scrum Alliance
Issued Sep 2019 - Expires Dec 2021
1365013

## Skills

Serverless Framework • Amazon Web Services (AWS) • AWS Lambda • Hibernate • AJAX • JavaScript • Eclipse • Spring • JSF • J2EE Application Development
