About College

Uniglobe College, established in 2009, centrally located at New Baneshwor, Kathmandu, affiliated to Pokhara University, runs Bachelor of Computer System and Information Technology-BCSIT, Bachelor of Business Administration-BBA, Bachelor of Business Administration (Finance)-BBA(Finance), Master of Business Administration-MBA and Master of Business Administration(Finance)-MBA(Finance)programs. The promoting team members of Uniglobe College are academically sound and have proven track records of success in education entrepreneurship in Nepal. Uniglobe College management firmly believes that effective dissemination of knowledge and skills to students is possible only when efforts of subject experts, learned teachers and researchers are backed by much needed technology, infrastructure and facilities. The college is able to establish it as the best business school in Nepal and internationally reputed management institution in short span of time In December 2025, Uniglobe College was recognized as a QAA-certified college by the University Grants Commission (UGC), Nepal. This achievement reflects the college's continuous commitment to academic excellence, quality assurance and institutional development.

Vision

Uniglobe College aims to be a nationally and internationally reputed institution known for academic and professional excellence in research, management, and information technology, equipping students to contribute locally and globally.

Mission

- To develop managers, entrepreneurs and market leaders through market-friendly, accessible, flexible and innovative academic programs;
- To develop management graduates who would be able to grasp local, national and international business needs and serve accordingly;
- To develop researchers in the area of management, economics, and information technology;
- To produce competent human resources in the area of computer and information technology.

Objectives

- To develop management graduates at various levels with sound management knowledge, skills and values along with positive leadership qualities;
- To install creativity and innovativeness in the students through motivational approaches of personalized nurturing guidance;
- To make learning and living at the college a wonderfully pleasant experience for our students to develop a strong sense of friendship and fraternity;
- To establish relations with universities, research institutes and corporate organizations in Nepal and abroad for the enhancement of academic excellence, research and professional work ability of the students; and
- To produce self-motivated, innovative and creative entrepreneurs and IT professionals so as to reduce the widespread unemployment in the nation.

Management Profile

Highly qualified and experience faculty members and management team with ample of international exposures.

He has published many research articles in various international and national journals. His commitment to excellence and innovation in education, combined with his analytical and leadership skills, continues to strengthen Uniglobe College's vision of academic and administrative distinction.

Academic Program

BCSIT

Bachelor of Computer System and Information Technology

Bachelor of Computer System and Information Technology is a four year program that provides the best platform to enhance your skills and learn about new technologies under the guidance of specialized faculties, IT experts and dedicated trainers. From the first semester we aims to provide you all the technological exposure through various specialized trainings, workshops, and internships in Cyber Security & Networking, Data Science, Multimedia and Software Development, at both national and international levels.

COURSE STRUCTURE | BCSIT

SEMESTER I

ENG 111	English	-3 Credits
MTH 113	Mathematics I	-3 Credits
CMP 171	Fundamentals of Computer Systems	-3 Credits
CMP 172	Programming Language	-3 Credits
CMP 173	Internet Technology I	-3 Credits

SEMESTER II

ENG 112	Business Communication	-3 Credits
MTH 114	Mathematics II	-3 Credits
CMP 174	Digital Systems	-3 Credits
CMP 175	Object-Oriented Language (Java)	-3 Credits
CMP 176	Data Structure and Algorithm	-3 Credits
PRJ 181	Project I	-2 Credits

SEMESTER III

STT 220	Linear Algebra and Probability	-3 Credits
MGT 222	Principles of Management	-3 Credits
CMP 271	Database Management System	-3 Credits
CMP 272	Object-Oriented Analysis and Design	-3 Credits
CMP 273	Internet Technology II (Programming)	-3 Credits

SEMESTER VI

CMP 384	Computer Graphics	-3 Credits
RCH 322	Research Methods	-3 Credits
CMP 382	Cloud Computing	-3 Credits
ECO 322	Applied Economics	-3 Credits
	Concentration II	-3 Credits

CONCENTRATION AREAS

COMPUTING

Python Programming	-3 Credits
Advance Java	-3 Credits
Compiler Design and Construction	-3 Credits
Mobile Computing	-3 Credits
Dot Net	-3 Credits
Software Project Management	-3 Credits
Open-Source Technology	-3 Credits

MANAGEMENT SCIENCE AND SYSTEMS

MIS and e-business	-3 Credits
E-governance	-3 Credits
Social Entrepreneurship	-3 Credits
Financial Accounting	-3 Credits
International Business	-3 Credits
Knowledge Management	-3 Credits
Managerial Accounting	-3 Credits

Admission procedure

The admission process in the BCSIT involves: Submission of complete application form with transcripts and certificate of +2 and SLC/SEE or equivalent. Candidates must pass the computer based College Admission Test (CAT). The successful candidates in admission test are invited for personal interview. Admission Committee reserves the authority of final approval for admission.

SEMESTER IV

CMP 274	Numerical Methods	-3 Credits
CMP 275	Computer Architecture and Microprocessor	-3 Credits
CMP 276	Software Engineering and Project Management	-3 Credits
CMP 277	Data Communication and Networks	-3 Credits
FIN 222	Fundamentals of Financial Management	-3 Credits
PRJ 281	Project II	-2 Credits

SEMESTER VII

MGT 422	Strategic Management	-3 Credits
MGT 423	Management of Human Resources	-3 Credits
CMP 383	Digital Economy	-3 Credits
CMP 472	Information System Security	-3 Credits
	Concentration III	-3 Credits
	Concentration IV	-3 Credits

DATA SCIENCE

Advance Database	-3 Credits
Data Analysis and Modeling	-3 Credits
Data Warehousing and Data Mining	-3 Credits
Database Administration	-3 Credits
Artificial Intelligence and Machine Learning	-3 Credits
Distributed Database Management	-3 Credits
Object Oriented Database Management	-3 Credits

MULTIMEDIA TECHNOLOGY

Fundamentals of Animations	-3 Credits
3D Modeling	-3 Credits
Moving Images and VFX	-3 Credits
Multimedia Development Tools	-3 Credits
Sound and Music Production	-3 Credits
Advance Animation Techniques	-3 Credits

SEMESTER V

MKT 351	Digital Marketing	-3 Credits
